

# Charlie Traughber – Girls Recreational Coach

---

- Became involved with Oldham County Youth Soccer in the fall of 2009 as the Director of Little Kicks, a program geared toward the U5 and U6 players. During this past year, the program has grown 20% and is now structured and follows US Youth Soccer methodologies.
- Charlie teaches his players (and parents) more than how to play soccer, he demonstrates good sportsmanship and the importance of personal integrity while inspiring competitiveness, but not at any cost.
- He currently is the Vice President of recreational soccer for Oldham County Youth Soccer Association, a position he took over in the spring of 2010.
- Coaching Education is an important part to Charlie's success, over the past several years, he has taken the USSF Youth Module, USSF E, USSF D and the National Youth License.
