

## KENTUCKY AMERICAN CUP UPDATE

LEXINGTON, KY (April 17, 2020) - With the spring recreational season unknown for many local associations, Kentucky Youth Soccer has made the decision to cancel the Kentucky American Cup scheduled for June 6-7 in Elizabethtown. In the last week, we have been notified by several associations around the state who have cancelled their spring recreational leagues. For those associations not cancelling their spring season, the cancellation of the Kentucky American Cup allows those associations the ability to run local recreational programming in the month of June.

We sincerely hope everyone is healthy and we looking forward to hosting the Commonwealth Cup in November and the Kentucky American Cup in June 2021.
