With 30 years experience as an educator/coach and Master's degrees in both Sport Psychology and Early Childhood Education, Reed offers a wealth of practical and science-based experience to help coaches and others lead athletes to excel in and beyond sports.

Since the release of his TEDx talk "Echoes Beyond the Game", he has become a trusted educator and advisor to sports organizations worldwide. Reed's unique gifts are creating passion and purpose in others and distilling complex theories into understandable and easily implementable practices.
