Demosphere – Adding Coaches/Team Staff

Methods to Make Coaches/Team staff Available for Risk Management:

- Clubs using online registration – Must Sync Data to the State Level
- Clubs using import process – Must import player and coach data
- Manually adding coaches/team staff to the system

Syncing Data

- Online Registration: Must Sync Data to the State System
- League: KPL teams – sync data with the league selected
- No State League: Do not select a league

Questions Submitted

- With regards to the Covid waiver that was put in a link on the most recent club administrator newsletter, our registration began back in May, and we had been using our standard medical waiver, is it necessary and required for us to now have all the parents sign this updated waiver before they can purchase participate this fall?
- Is the concussion course included in the process?
- FCRA Acknowledgement in the background check screening
